The **UNILUBE** System of modular components quickly and easily assembles into a sturdy long-lasting technicians work system. The components shown in this catalog provide for a highly efficient and fully functional quick-lube operation that is un-surpassed in quality, safety and value.

QUALITY COMMITMENT

As a specialty equipment leader of the quick lube industry, we are the company of choice in providing safe, reliable, easily assembled and long lasting products. Our products improve working conditions, efficiency and deliver long-term value. We back our quality with a warranty.

SAFETY COMMITMENT

Beginning with Pit Guard™, the premier pit covering system, all Unilube products have been designed with safety as our number one priority. All products meet or exceed OSHA and Uniform Building Code requirements. All products are carefully engineered and tested for safe operations and long lasting service.

VALUE ADDED

All Unilube products are designed to maximize speed, safety, and productivity. All service related items are within easy reach of the technician. The snap together modular construction method utilized allows a complete two bay installation in under 8 hours with no specialized labor required for construction. Speed of installation and maximum performance are attributes that deliver extra value to our customers.

WARRANTY

Unilube products are warranted against defects in material and workmanship for a period of one year when used in accordance with manufacturer's specifications and/or operating instructions. Excluded are normal wear and tear, misuse or abuse of product. This warranty applies to the original purchaser only. A purchaser's sole remedy under this warranty is limited to replacement or repair of the product at Unilube's discretion and specifically excludes consequential, incidental, or any other damages directly or indirectly resulting from failure or loss of use of or by Unilube products.*

** Unilube extends the time warranty for the following units:*

Work Platforms with fiberglass decking	3 years
Work Platform Stairs with fiberglass decking	3 years
Pit Guard™	5 years
Fiberglass replacement decking for Work Platforms	3 years

UNILUBE™ SYSTEM
